## 9<sup>th</sup> INTERNATIONAL CONFERENCE

**SIRikt 2015**

We invite you to join us at the **SIRikt 2015** international conference, which will take place from **May 27<sup>th</sup> to 29<sup>th</sup> 2015** in Kranjska Gora.

The international **SIRikt** conference is the main conference in Slovenia in the field of ICT applied in education and research, combining plenary talks, workshops, presentations of good practice and sponsor presentations.

Every year the conference brings together more than 1,000 researchers and practitioners.

We are convinced that your participation will extensively contribute to the quality of the event as well as to the promotion of your organization. Join us on the common way of creating a vision of the future in education.

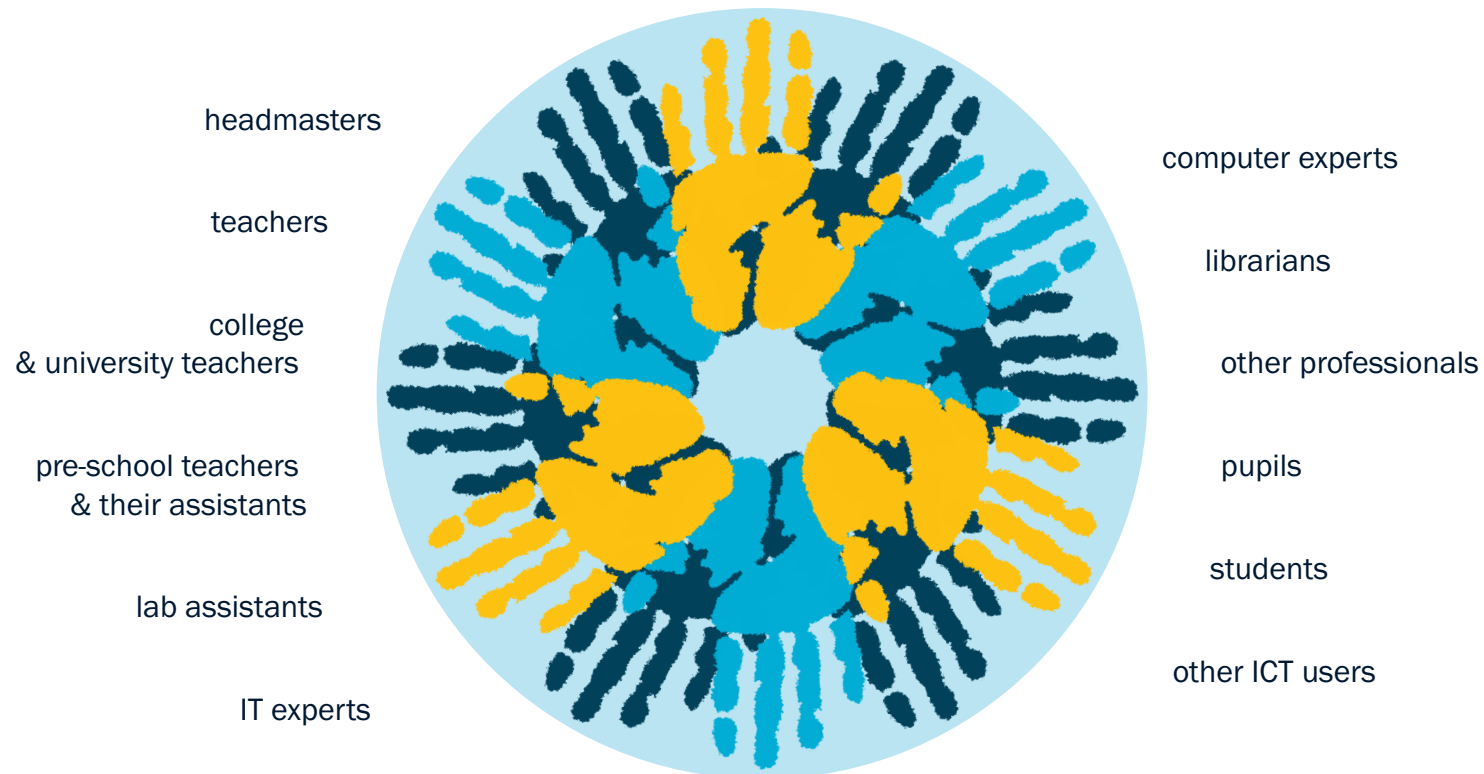

### *Did you know?*

The acronym **SIRikt** derives from the Slovene phrase 'interlacing education and research with ICT'.

Interlacing, connecting, and networking: contributions, approaches, materials, ideas, support, advice, information, recommendations, good and innovative practice, quality research, happenings and relations.

## CONFERENCE PARTICIPANTS

Every year, the conference brings together a large number of participants from Slovenia and abroad. In the last three years, about 1,100 participants and presenters from different professional areas took part each year.

Conference  
**The Way towards  
E-competent School,**  
May 28<sup>th</sup> – 29<sup>th</sup> 2015,  
Kranjska Gora

National  
eTwinning  
Conference –  
**KONFeT Event**

Closing  
conference  
of the  
**E-schoolbag  
project**

This year's theme of the **Towards the e-competent school** conference is **Learning from Each Other**. We will search for the answers to questions:

- How do teachers learn from their learners?
- How do learners learn from each other?
- How do we as professionals learn from each other?
- How do we gather and use data in the process of learning (learning analytics)?

After plenary sessions, we will meet at the **Give and Take Fair**, step into the **Spotlight**, learn from each other in workshops, get to know some techno novelties, sneak a peek at the **e-schoolbag**, join a videoconference, etc.
